

## SAFETY GUIDELINES NOW IN PLACE FOR STUDIO SESSIONS

This is now the new norm and we don't know how long for.  
So let's embrace the weird things and make the most of it 😊

- There will be 48 hours between studio sessions
- The environment will be thoroughly cleaned before after each session
- 60%+ alcohol hand wash is available throughout
- Compulsory hand sanitising with 60%+ alcohol hand wash is required before touching any products and payment terminals
- I will be using a face shield at all times, you can choose whether to use either a face masks or a face-shield (or both). These will be provided unless you prefer to use your own
- Face shields are sanitised thoroughly before and after each client
- One person is allowed per photo session with up to 2 dogs
- You may use the toilet in an emergency only to minimise cross contamination
- Windows will be open throughout the session
- Bring your own bottle of drink. Alternatively, cold cans of drinks are available

Thank you for your understanding and co-operation!

If you have any questions or concerns about the new guidelines, please don't hesitate to get in touch:
